## **Outerlimits Offshore Powerboats Stays Ahead of the Pack**

Atlantic City, NJ – June 2, 2002 –Outerlimits Offshore Powerboats arrived at Trump Marina well ahead of the rest of the pack at the Atlantic City Overnight Poker Run which started out from Toms River. Out of the 70 boats to participate in the 50 mile event, ‘*Rock It*’, a 42 Outerlimits owned and driven by Bob Russell of Seattle Washington and throttled by Michael Fiore, President of Outerlimits, was the first boat to make it to the final mark.

Although it was a beautiful sunny day extremely rough waters made the going a bit tough. “Rough water is what our boats are built for,” stated Mike Fiore. “We were really excited to finish first and the fact that so many Outerlimits finished in the top group was pretty impressive.” Out of the top fifteen boats to arrive in Atlantic City, eight were Outerlimits, demonstrating the strength of their boats and their domination in the poker run circuit.

The Atlantic City Overnight Poker Run is an annual two day event put on by the New Jersey Performance Powerboat Club. And as usual, a good time was had by all.

Outerlimits Offshore Powerboats is located in Bristol, Rhode Island. For additional information on their offshore powerboats, call 401-253-7300.
